Stone Soup- Winter Get Together

What is stone soup?

You bring the fixings to put in the soup (ex. meat veggies, potatoes, spices), we make the soup. You also bring side dishes, enough for your family and we create a potluck for all to enjoy. You will certainly be able to inspect your camper. We also have snowmobile rides for the kids, ice skating, sledding, a bonfire, card games, music, etc. This gives new seasonals an opportunity to meet new people, and start getting the “camping spirit” back. This get together is early this year because Brialee will be opening 1 month early.

Saturday Feb. 5 2011, 11-6pm.

Brialee will be opening one month early this year, only for seasonals. There will not be water at each individual site, but the main bathrooms will be open and there is always water available at our frost free faucets. Go online and look at our map to see their locations. There is no charge for this, another advantage for being fantastic seasonals at CT's best campground, hopefully the weather cooperates. March 1st, 2011, only for seasonals.

Merry Christmas

Looking for a few volunteers to help represent Brialee at the upcoming RV Shows. Please email Cheryl if you are interested admin@brialee.net if interested in covering a shift for a few hours. It's very easy and fun. You answer questions about camping at Brialee and handout brochures. Show attendees love to hear from campers first-hand about the campground!

Northeast RV Show—CT Convention Center: Jan. 21-25
