### **We have transitioned all seasonal customers to our new reservation system – Camp Life.**

You will now have the ability to create a user profile and log in to your own account to:

- Update vehicles, adults, children, camper info, phone numbers, address, etc.
- View your invoices
- Make payments on your account
- Schedule automated payments for your monthly seasonal fees

Upon renewal, you will be getting a “password reset” link by email from Camp Life – please follow the link, login with the email we have on file, and create a password to access your profile.

We will no longer require you to provide us insurance for your carts or trailers. This does not mean you no longer have to carry it – it just means in the event it is needed, we will come to you to get your information. Moving forward there is no additional paperwork you are required to provide. All changes to your cars or campers can be done on your own using the new system. If you are not comfortable making changes on your own, please feel free to stop in and we will assist you with any account changes, such as changes in vehicles, trailer info, etc.

### **Other good news: Stickers will now be issued when you turn in your deposit.**

If you have already received your stickers (and are renewing) – you won’t need to get another set of stickers. We will use the green next year as well. Each year at renewal – you will put your sticker on your cars that will be good through the following season. This is to eliminate additional paperwork and processes in the office. We hope you find the streamlined process to make life easier for all of us!

**We hope you decide to camp with us again another season!**
